

*Our products give wings to helicopters, fuel Formula 1 cars,
launch rockets into space, electrify aviation,
store hydrogen and win the 24 hours of Le Mans.
The challenge drives us.*

To strengthen our team we are looking for a:

PRODUCTION EMPLOYEE ASSEMBLY (f/m/d)

YOUR TASKS

- Component finishing of fiber-reinforced composite parts
- Surface treatment such as sanding along crack lines, deburring, and bonding of fiber-reinforced composite parts
- Mechanical processing such as drilling and thread cutting, riveting, and countersinking
- Working according to drawings and plans
- Process inspection and quality control
- Assembly of components and subassemblies

YOUR PROFILE

- Manual dexterity and technical understanding
- Completed (technical) vocational training desirable
- Experience in adhesive bonding technology is an advantage
- Independent and precise working style, with a strong awareness of quality
- Enthusiasm for new technologies and materials
- Willingness to work across departments
- English language skills are an advantage
- Willingness to work overtime

WE OFFER

- A versatile role in a successfully growing company
- Technical innovation and challenges in the motorsport, aviation, and aerospace industries
- Training programs to promote professional and personal development
- A collegial work atmosphere with a first-name culture in a company that values teamwork
- Meals provided by the company kitchen with freshly prepared dishes daily
- Flexible working hours
- Various company events
- Further benefits such as: company bicycle, climate ticket, corporate benefits, ...

Based on your education, qualifications, and professional experience, we offer you an attractive, market-competitive salary. This ranges between EUR 33.000,00,- and EUR 46.000,00,- gross per year on a full-time basis.

We are looking forward to your meaningful application!
