

*Our products give wings to helicopters, fuel Formula 1 cars,
launch rockets into space, electrify aviation,
store hydrogen and win the 24 hours of Le Mans.
The challenge drives us.*

To strengthen our team we are looking for a:

HEAD OF ASSEMBLY (f/m/d)

YOUR TASKS

- Ensuring adherence to deadlines and costs as well as compliance with the required manufacturing quality in assembly.
- Optimization and efficiency improvement of workflows and processes within the department (KVP, 5S, etc.).
- Monitoring and ensuring the achievement of goals and key performance indicators.
- Supervising the compliance with defined processes and procedures.
- Point of contact for internal and external audits.
- Promoting the flow of information within the department and between departments (AL meetings, team meetings, etc.).
- Point of contact for technical and planning-related inquiries from work preparation and design.
- Conducting employee discussions and supporting the development of team leaders in the department.
- Ensuring occupational safety within the department.

- Capacity balancing between departments.

YOUR PROFILE

- Completed technical training (e.g., master, technician, or engineer in the field of mechanical engineering, manufacturing technology, or a comparable field).
- Several years of experience in manufacturing or assembly, ideally with leadership experience.
- In-depth knowledge of process optimization methods (KVP, 5S, Lean Management).
- High sense of responsibility as well as a structured and independent working style.
- Assertive and communicative personality.
- Strong focus on quality and cost awareness.
- Experience in personnel and resource planning is an advantage.
- Confident appearance as well as strong organizational and team skills.

WE OFFER

- A versatile role in a successfully growing company
- Technical innovation and challenges in the motorsport, aviation, and aerospace industries
- Training programs to promote professional and personal development
- A collegial work atmosphere with a first-name culture in a company that values teamwork

- Meals provided by the company kitchen with freshly prepared dishes daily
- Flexible working hours
- Various company events
- Further benefits such as: Company mobile phone, company bicycle, climate ticket, corporate benefits, ...

Based on your education, qualifications, and professional experience, we offer you an attractive, market-competitive salary. This ranges between EUR 47.000,- and EUR 60.000,00,- gross per year on a full-time basis.

We are looking forward to your meaningful application!
